

Before you cut your kidney:

Tick which of the following you can find:

- The Renal Vein
- The Renal Artery
- The Ureter

After you cut your kidney in half:

- How many Renal Pyramids are there?

- Can you see stripes on the Renal Pyramids?

Have a go at drawing your kidney below.

Are there any parts that you don't know the name of?

When you have finished please put the kidney in the plastic bag, and any dirty tools in the big bowl, then wash your hands!
